 tikramer |  tik000 |  tikramer.com |  kramer.ian.thomas@gmail.com

SKILLS

Skilled	React Native, Svelte, SvelteKit, React, Redux, Kotlin, Javascript, TypeScript, Axios, VS/VSCode, Git, Java, Python, C#, Jest, XML/JSON, API implementation, Android/IOS, NPM, JIRA, Sentry, Firebase, Agile
Comfortable	HTML, CSS, Swift
Familiar	C, C++, OPENGL, Docker, Singularity, C

WORK EXPERIENCE

LegionellaDossier - Utrecht, Netherlands Dec 2022 - present
legionelladossier.com

Developed front-end solutions for a start-up using React Native and Svelte frameworks. Developed and iterated on numerous prototype applications. Identified and resolved bugs for existing applications. Worked in fast-paced agile environment.

The Omaha Court - Perth, Western Australia Aug 2022 - Dec 2022

Worked with Australian band 'The Omaha Court' to develop an application for followers of the band. Users can keep up to date with the latest events, find out more information about the band and the purchase merchandise. Developed back-end database, authentication and notification system using Firebase. Designed screen layouts and components, utilising design tools - photoshop. App deployed to Google play store and currently in internal testing on IOS.

Build Logic - Sydney, New South Wales Jun 2022 - Dec 2022
buildlogic.com.au

Developed and maintained React Native components, screens, and features for the mobile app. Collaborated with other developers to implement new features in a way that is consistent with the existing code-base. Participated in design discussions regarding application architecture, feature implementation, or any other relevant topic as required. Monitor and solve any issues using Sentry.io. Update the app on both Google Play store and IOS app store.

The Order Exchange - Melbourne, Victoria Mar 2021
theorderexchange.com.au

Worked solo creating a React Native application from scratch using the company's existing API. Discuss and design screen layouts best suited for users of the android QR Scanner devices. Participated in testing demonstrations regarding application architecture, feature implementation using BDD. Deployed App and updates to Android and IOS store.

Curtin University - Tutor - Perth, Western Australia Feb 2021 - Nov 2021

• Ran workshops/classes • Gave presentations/demonstrations on covered topics. • Teaching programming design concepts for OO - Java • Data Structures and Algorithms - Python/java • Marked assignments/Exams

PROJECTS
